Items returned with the seven-day cooling-off period

By law, customers located in the European Union have the right to withdraw from the purchase of an item within seven working days of the day the item is delivered.

Where you are withdrawing from your purchase within the seven working day cooling-off period, and there has been no error on our part, we will refund the cost of the item and the cost of delivering the item to you.

Please contact our office or telephone within seven working days of the day the item was delivered stating your name and address, the invoice number, and the item(s) you wish to return. Please do not return any items to us before contacting our office.

We will not refund your costs in returning the item to us unless you are returning the item because of an error on our part. Any item returned must be packed in its original packaging.

Please be aware that you will be responsible for returning the item to us unless we delivered the item to you in error, or if the item is damaged. To ensure safe return of the item, at your request we may arrange for collection from your address at your cost. In this instance, once our courier has collected the item, we will assume the responsibility for its safe return to us and therefore we recommend this method of return. If you wish to use your own method of return, this must be agreed by us before you proceed.

On receipt of your item, subject to it fulfilling the criteria stated above, we will refund the item and delivery charge to the card used for the original transaction.

CARE NOTICE:

Photographs are always dependent on environmental influences; their appearance and colour can change and fade. To ensure you keep enjoying our works of art, you should not expose photographs, laminations or frames, either in part or in full, to direct sunlight, hang them directly above heating appliances or expose them to a higher level of humidity than expected in a normal living room. Photographs, laminations and frames are therefore not suitable for external areas, cellars, bathrooms or kitchens. Laminations with UV protective film or acrylic glass and wooden frames are very sensitive to scratches and dirt and should therefore only be handled with gloves or equivalent protection.

Once the works of art are in your care, it is your duty to ensure that they are well cared for and displayed correctly.

Salt + Land shall accept no responsibility for art not correctly cared for once in situ.
